

Huet Brothers introduce Gijs van Lennep as Authenticator

08

Oegstgeest, 20 Feb 2007 – HB introduces Gijs van Lennep as Authenticator.

The **HB Special**, which will make its debut at the Amsterdam AutoRai on the 27th of March 2007, will be tested and shaken down by Dutch driver Gijs van Lennep. He will help determine the correct brake balance, camber and castor, drivability of the car and help to authenticate the car.

Huet Brothers: "We are very, very proud to have Gijs van Lennep as part of our team. Not only has he driven 8 formula 1 races, taken part in Monte Carlo rallies, he won 24 hours of Le Mans twice and in 1973 won the Targa Florio, something which appeals to us in particular. We especially look forward to working with him shaking down the car in mountainous terrain – should be lots of fun!"

Gijs van Lennep: "I am enthusiastic about the idea of creating an experience car for others to enjoy. I'm looking forward to helping them fine-tune the car and supporting the Huet Brothers in their pursuit of the original spirit".

IN PURSUIT OF THE ORIGINAL SPIRIT
